

Additional Ice Breakers:

1. **Show and Tell.** In the first meeting, the OL asks everyone to think of one special thing that they brought to Ithaca / will bring to Ithaca. It could be a clothing item, a gift, an instrument, or anything else. During the second meeting, everyone shows their thing. They should then explain why the thing is important to them.
2. **Same and Different.** OL puts new students into breakout rooms. In each room, students will discuss what they have in common and what is unique about each participant. After everyone comes back from breakout rooms, one person from each room reports what they found.
3. **Favorite Word.** OL asks everyone to think about what their favorite word is. Participants take turns to say their favorite word and explain why.
4. **Story Time.** Decide a speaking order. In that order, each person says three words at a time, and each person should say something that continues/completes the preceding sentence. The goal is to create a somewhat cohesive story, three words at a time.
